Score verifications should be from USDFScores, not actual test sheets. Please include any scores you have for the “r” or “R” programs (65% at Fourth or PSG, respectively) to assist in prioritization of applications. If you have numerous pages of scores, please highlight those scores appropriate to your application.

Scribes are required for all 3 sessions. Most times, we do live judging with scribes on the first day and oral judging/questions on the second day, but arrange to have your scribe available both days of each session. Scribes may be asked to assist in scoring test sheets.
